# November 2016 RCM II Report - Regional Learning Day

I apologize as I am unable to attend ASC due to my work schedule.

We began the learning day with approximately 20 to 25 people in attendance. Heidi presented a couple of workshops with Gary taking over after 3pm. We were small but we were mighty. By the last workshop there were about 10 people in attendance. There were many topics discussed:

- Roles, Skills, and Qualities of desired trusted servants in the positions of GSR and RCM.
- Effective Report Writing
- Collaboration between Areas and Regions
- A Positive Approach to Improving Service
- Applying Our principles to Technology and Social Media

The last workshop was especially informative with many solutions discussed. All the workshops are available to be given in any Area or brought to the groups. There were about 5 GSR's from CBANA present and less stayed for the entirety. One member commented that there were more members from San Antonio than CBANA members. The topic came up at Region as how to most effectively disseminate the information and workshops to the areas and groups as attendance at the Learning Days is notoriously low. This RCM stated that CBANA had thoroughly promoted this Learning Day. It was also announced repeatedly in meetings throughout the Area. Attendance remained low. This will be a topic at Region going forward. It was suggested that maybe further education at the group level concerning the GSR role might be helpful. How to get the GSR's to attend the training is the issue. It was advised to present at Area and seek suggestions for solution.

In Loving Service,

Cat H. and Celine H.
